OUR SERVICES

AUTOMOTIVE TINTING

3M
Authorized
Applicator

Commuting by car is a common way for us to get around, but the Malaysian heat can make driving under the sun hot and uncomfortable. With our high-quality tint films offered, it can reduce the heat inside the car, improve comfort, and protect the interior from sun damage.

Heat Reduction

Keeps the car cooler by blocking heat from the sun.

UV Protection

Shields passengers & interior from harmful UV rays.

Glare Reduction

Improves comfort & driving experience.

Enhanced Privacy

Makes it harder for others to see inside.

Increased Safety

Holds shattered glass together, minimizing injury in case of an accident.

Improved Aesthetics

Enhances the car's appearance, giving it a stylish look.

As a **3M™ Authorized Applicator**, we provide premium 3M™ *AutoFilm* with up to 99.9% UV rejection and 97% IR blocking. Paired with our professional installation, you'll benefit from:

5 Years e-Warranty

No Bubbles or Peeling

Durable & Long-Lasting Results

OUR SERVICES

PAINT PROTECTION FILM (PPF)

3M

OUR SERVICES

SMART FILM

We also specialize in Smart Film installation, a cutting-edge product that provides instant privacy and energy efficiency for homes, offices, and commercial spaces. This innovative technology allows users to control the level of transparency with the touch of a button, offering enhanced comfort and convenience at any time.

What Is It?

Smart Film, or PDLC (Polymer Dispersed Liquid Crystal) Film, is a type of window film that lets you easily and instantly switch a window from transparent to frosted with a remote or smartphone app.

This advanced technology utilizes liquid crystal molecules that align when an electric current is applied, providing seamless control over light and privacy. It's an ideal solution for modern spaces, offering both functionality and style without the need for traditional blinds or curtains.

Key Benefits

Instant Privacy

Perfect for offices, homes, and meeting rooms.

Cooler, More Comfortable Spaces

Blocks UV rays and reduces glare.

Energy Efficient

Lowers electricity costs by reducing heat buildup.

Easy Control & Maintenance

Switch modes with one touch via remote or app, with hassle-free upkeep.

How It Works

Residential Project - Living Room

When powered **off**, the liquid crystals scatter, creating a **frosted** effect for privacy.

When the power is **on**, electricity aligns the crystals, making the window **clear** and allowing light through.

5-STAR CLIENT TESTIMONIES

Automotive Tinting

The service is truly exceptional. No matter what issues arise, they provide timely updates and resolve them efficiently. I can confidently say this is the most attentive service I've ever experienced. I chose the 3M Crystalline product and would like to extend my special thanks to Mr. Chu for his professionalism and dedication.

I had a fantastic experience at the 3M tint shop! The team did an excellent job tinting my car, with outstanding workmanship and attention to detail. The tint looks flawless, and the staff was professional and helpful throughout the process. Highly recommended for anyone looking for quality and reliable tinting services.

Found Titan Solar Film on 3M website, they are authorised dealer and installer. Ms. Phoenix is very attentive and giving clear information regarding the tint range and prices. The Crews' workmanships are great. Last not but least, they do have very good after sales services. Thumbs up to the teams of Titan, Ms. Phoenix and the tint installation crews.

Residential & Commerical Tinting

We had a 5-star experience with TITAN for our whole-house solar film installation! From start to finish, the service was top-notch. Vanness provided excellent customer service, patiently explaining the product and process in great detail, ensuring all our questions were answered. The installation team was professional, efficient, and executed the job seamlessly. The end result is fantastic—our home feels noticeably cooler, and the film blends perfectly without compromising the view. Highly recommend their services to anyone looking for quality solar film and exceptional service!

Absolutely happy with the service and quality of 3M film. Vanness was patient in explaining the various options and the installation team was professional. Highly recommended. Living room is now nice and cool on sunny day.

Dealt with Vanness for my house 3m installation.

Very good service, fast, and patient to explain services. Will come back for future work.

Detailing & Coating

Sent in my new car for tint, body paint correction and Coating, it has been over 2 years and i am still very impress with the shine my car has compared to others on the road. Every time I visit the center for wash, their staffs are very friendly and attentive to my specific request.I have recommended this center to many friends and family and they are equally impressed with the service.

Very experienced crew to handle the detailing, and also good job each time i take the car there. Keep up the good work!

i want to commend this place for providing a truly 5-star service. From the moment I walked in, I was greeted warmly, and the staff consistently went above and beyond to make sure every detail was perfect. Their professionalism, attention to detail, and genuine care for customers created an exceptional experience. I highly recommend this place to anyone looking for top-notch service and a memorable experience!
